Dear Mr. Ashcroft:

I am writing you today to express my opinion in regards to the Microsoft settlement issue. I feel the settlement reached in November is reasonable, and I strongly favor an end to litigation against Microsoft.

This settlement contains provisions that will make it easier for companies to compete with Microsoft. Microsoft has pledged to share more information with other companies and create more opportunities for them. This settlement will allow Microsoft the opportunity to finally devote 100% of their resources to doing what they do best - designing innovative software, rather than litigation.

I sincerely hope there will be no further action against Microsoft at the federal level. Thank you for your attention to this matter.

Sincerely,

Jack Crawford
